Kerry Fowler ~ GCCFV

Good day, I am a fully qualified All Breeds Judge with GCCFV and ACF, commencing with my Group 3 license in 1995, followed by my Group 1 and 2 licenses in 2004 and January 2013, respectively.

I have been fortunate to have judged in all eight major States and Territories of Australia, as well as North and South Islands of New Zealand. In 2014, I was honoured with judging All Breeds at the prestigious Sydney Royal Show as well as at the iconic Royal Melbourne Shows in 2014 and 2015.

My introduction to the cat fancy was through successfully owning; breeding and exhibiting silver spotted British Shorthair cats under the Cornfield prefix for over ten years. Our British were well known winning Supreme awards including Cat of the Year.

My other achievements include:

- Book author of 'Meow A genetic concert for cats' describing feline genetics, DNA testing, genetic counselling for cat breeders and cat judging
- Author and co-author of over 50 peer reviewed scientific publications
- Foundation Trustee of Feline Health Research Fund: <http://fhrf.org.au>, 2000–2015; during this time 14 grants were awarded
- Invited Speaker in the fields of feline appearance, genetics and cat judging
- Scientist who co-discovered the genes responsible for two different wavy coated mouse mutants
- Tutor Judge for All Shorthair cats

Judy Lewis – QFA

In 1964 Judy owned a show/breeding lilac point Siamese female and this was the start of her interest in the cat fancy. Judy's prefix Metinka was granted in NSW in 1964. In 1966 she owned a deaf blue-eyed white Persian. In 1967 Judy and a friend brought into Australia the first pair of seal point Birmans from England followed by seven more seal and blue point Birmans to expand the gene pool. During her years of judges training Judy bred Burmese and Devon Rex and has shown a blue British Shorthair, Oriental, Russian and Maine Coon. Judy has achieved many awards with these breeds. Her main passions are the Birman and Maine Coon breeds.

Judy gained her Group 1 licence in 1974, Group 2 in 1980 and then completed her training in Group 3 (all with NSW CFA) to become an All Breeds judge in 1985. She transferred to QFA Inc. in 2001. Judy has judged all over Australia and New Zealand as well as in Singapore, UK, Japan and South Africa.

Judy is past Secretary of QFA Inc. an All Breeds Tutor Judge, Life Member and Patron of Birman Cat Fanciers Club of Qld, Life Member of the UK Birman Cat Club, St George Cat Club of NSW and Alpine Cat Club of New Zealand and Delegate to QFA Council for the Cairns All Breeds Cat Club.

**Meow A Genetic Concert for Cats**  
by Australian author  
**Dr Kerry Fowler MSc PhD**

'Meow' is a key reference book for cat breeders, owners, judges and veterinarians who are curious about the genetic makeup, DNA testing and diversity of pedigree cat breeds.

Peek inside, and find chapters, tables and a glossary describing what is scientifically known about the genes responsible for the multitude of different coat colours and patterns, hair lengths and compositions, eye colours and structural features that are seen in cats. Enjoy images of a rare russet Burmese kitten whose coat colour dramatically changes during development.

Be challenged by theories about genes such as dilute modifier, O gene, silver inhibitor, wideband and solving the origin of the Ragdoll cat mystery. Understand how to interpret DNA test results for coat colour, pattern and length; what to do when DNA test results do not make sense; the pros and cons of outcrossing cat breeds; the potential effect of diet and environment on gene activity; the quality control role of cat judges and limitations of breed standards.

'Meow' has been hailed as 'MeWow'. This reference book was launched at the 45<sup>th</sup> Australian Cat Federation Inc. National Show in June 2017 with ACF President Sandi Gemmell and GCCFV Inc. Show Manager Lesley Freemann. 'Meow' has been eagerly embraced by 'thrilled' cat fanciers in Australia, Denmark, Japan, New Zealand, South Africa, The Netherlands, UK and US. The author, Dr Kerry Fowler MSc PhD has combined her scientific career in biomedical genetics and experience judging all cat breeds in Australia and New Zealand to 'have made a lot of people happy with this wonderful book' including those who have been 'over the moon to receive it'.

If any exhibit is rejected because of an infectious or contagious disease they will disqualify all the other exhibits from the same cattery.

If a Vet is not present or has left the hall the Show Manager shall appoint two accredited stewards to check on exhibits and request the removal of any exhibit that is deemed not to be in show condition. All exhibits must have all their claws clipped prior to entry to the show hall and must be brought to the show confined in an appropriate container.

Exhibits cannot be removed from the Show or from the cage designated by the Show personnel without the consent of the Show Manager. All exhibits must remain in the venue until the conclusion of the show at the advertised time

If, at any time an exhibit shows itself to be difficult to handle or threatening, the Judge may call for the owner to remove the exhibit from its cage and place it on the Judge's table. The Judge will then decide if she/he wishes to judge that animal. This procedure protects your cat from any unnecessary handling. Should your exhibit be marked "Unable to be Judged" then it is automatically withdrawn from any other rings and cannot be shown again on the day. Should the judge consider the exhibit to be of poor temperament or in their opinion sufficiently difficult to handle, including excessively timid, the judge may withhold any awards at their discretion.

All complaints regarding a show must be submitted in writing and be accompanied by a fee of twenty dollars (\$20). All complaints must be in the hands of the Show Manager or Show Secretary within seven (7) days following the Show. Complaints regarding the running of a Show will be not be considered by Cats NSW unless lodged in accordance with this rule.

All reasonable care will be taken of exhibits. Cats NSW and its affiliate Clubs, their officials and members cannot accept any responsibility for any loss or damage to any person, feline or property.
